

KIA 218S

High SPL, Dual 18" high power subwoofer

FEATURES

- **Dual 18" LF with 100mm voice coil ensures deep and punchy lows**
- **High power output**
- **Peak power of 12000 W for the most demanding applications**
- **Cardioid configuration possible**
- **Perfect size for both touring and installations.**
- **Can handle low frequencies down to 35 Hz.**

The Alpha Acoustics® KIA 218S is a high-power subwoofer designed to complement the KIA Line Array system. Equipped with 2 × 18" high-output drivers, it delivers an impressive 3000W RMS power and a maximum SPL of 143dB. When deployed with three or more units, it supports cardioid mode, reducing unwanted rear low-frequency spill. With deep bass extension down to 35 Hz, this subwoofer is the ideal choice for high-demanding concerts, festivals, and large-scale venues.
