

# KITE SUB 28A

2 x 8" Compact active  
subwoofer

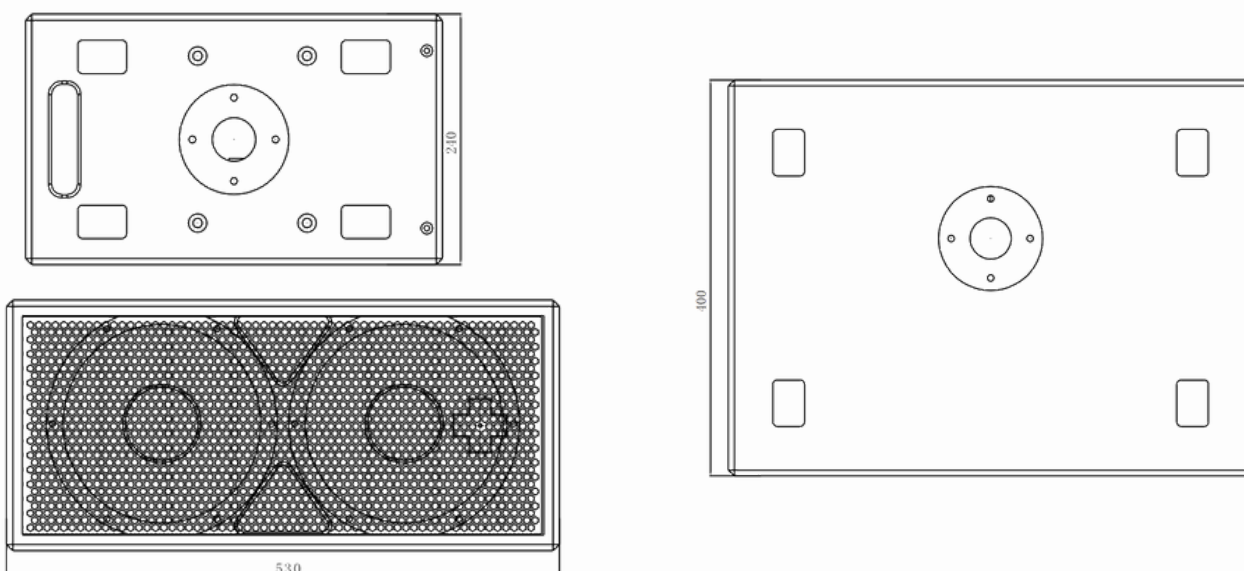

## FEATURES

- **129 dB max SPL**
- **40 Hz to 400 Hz frequency range**
- **1000 W RMS Class-D Amplifier**
- **2 x 8" woofers, 2" voice coil**
- **Built DSP and RJ45 link out**
- **Environment friendly and durable sand texture Flexible Rigging**
- **Rotatable logo on the grille**

The Alpha Acoustics® KITE SUB28A is a compact high-performance active subwoofer. Its feature is two ventilated 8" cone-shaped woofers, driven by a 1000W Class D amplifier. The cabinet is made of multi-layer birch plywood and coated with black environment friendly and durable sand texture. The built-in DSP allows fine-tune the sound to an optimal level. There are buttons on the amplifier panel, making it possible to call back the presets just by click on the buttons. The speaker can be used horizontally and vertically, or multiple speaker combination. Cardioid sound dispersion mode can be set as well.
