

# KNIGHT 26

Ultra Compact arrayable  
Point Source speaker

## FEATURES

- **Compact design with high SPL and linear response**
- **Configurable as a compact line array system**
- **Flexible coverage with 80° x 80° or 100° x 10° dispersion options**
- **Various mounting brackets.**
- **Easy handling rigging hardware and flying frame for quick installation**
- **Multiple mounting accessories and fixed eyebolts for versatile setups**

The Alpha Acoustics® KNIGHT 26 is an Ultra Compact arrayable Point Source speaker delivering high SPL with a clean, linear response. Designed for versatility, it can be configured as a compact line array system and is available in two versions – the KNIGHT 26/80 with an 80° x 80° rotatable horn, and the KNIGHT 26/100 with a 100° x 10° linear waveguide horn for array applications.

With two 6.5" woofers and a 1" compression driver, the KNIGHT 26 combines powerful output with a slim, stylish enclosure that fits seamlessly into live stages, event venues, conference rooms, and multi-functional halls. Multiple mounting accessories, rigging hardware, and a flying frame ensure quick and reliable installation in any setup.
